

# CLASSROOM MANAGEMENT

## New Secondary Teachers

-STRATEGIES THAT STICK, SUPPORT THAT WORKS

September 24,  
2025

### 911 What's Your Emergency: Strategies to Implement Today for a Smoother Class Tomorrow

#### Classroom Management That Works

Quick, practical strategies to set routines, manage behavior, and create a calm, confident classroom—without the overwhelm.

#### Unlocking Student Progress with Data

Use class data to support diverse learners and adjust instruction for real impact—starting tomorrow.

### Teamwork Makes the Dream Work Part I: The Why and How of Student Collaboration in the Secondary Classroom

When students collaborate, they're more focused, engaged, and on-task. This two-part workshop shows you how to make teamwork meaningful. Learn strategies for pairing students that actually work in secondary classrooms, and leave with ready-to-use resources and a plan to make group work thrive.

October 15,  
2025

### Unmotivated No More: Motivating the Unmotivated Secondary Student

Tired of students checking out? Learn how to design classroom structures that challenge and motivate even your most disengaged learners. This workshop offers real strategies from real classrooms—and time to plan your next high-impact move to re-engage students starting tomorrow.

November 12,  
2025

### Recharge, Refocus, Revive: The Mid Year Reset

The semester break is your chance to reflect, reset, and recharge. Celebrate what's working, confront what's not, and build a clear plan for next semester. Learn how to relaunch routines with students and set the tone for a fresh, focused start.

December 10,  
2025

Join us in these interactive workshops packed with practical tools to help you build a structured, engaging and supportive classroom. Walk away each time with something you can use tomorrow.
