Community Schools Framework: The Four Pillars

The Community Schools framework aspires to provide whole child or wraparound supports. The various direct and indirect supports manifest as four pillars or features that schools aspire to embody.[1] The results of this needs assessment and asset mapping are discussed as they align to each of these four pillars. A concise summary of each pillar is provided below in anticipation of the discussion of results.

Integrated Student Supports

Community schools integrate supports to address all students' needs as well as those of family members. Integrated supports include MTSS, PBIS, healthcare, mental and behavioral health support, and social services, which collectively work to retain students in their classrooms for the full school day and promote students' academic achievement and overall positive youth development.

Family and Community Engagement

Community schools move beyond parent involvement and aspire to meaningfully engage family and community members in co-learning, cross-dialogue, and shared understandings (e.g., through home-school collaboration, community partnerships). As a result, family members become active co-partners in children's education, and community members leverage resources to promote students' healthy development.

Collaborative Leadership and Practices

Community schools work to foster a culture of professional learning, collective trust, and shared responsibility for results among educators and administrators as well as students, families, and community members. Professional learning is designed to transform school culture and climate by focusing on pupil learning as well as areas such as mental/behavioral health, trauma-informed care, and social-emotional learning.

Extended Learning Time and Opportunities

Community schools provide enriched, expanded learning designed to prepare students for school and/or reinforce the learning that students encounter during the regular school day. This includes offering early childhood programs, after/before school programs, summer school, and/or intercession sessions that address the academic, social-emotional, and developmental needs of all students.

Needs Assessment and Asset Mapping Purpose and Method

Purpose

A needs assessment and asset mapping represent a proven practice for developing community schools. They provide an in-depth review that inform objectives that will guide an initiative, in this case the community schools project. Additionally, they hint at potential solutions or resources that support the pursuit of those solutions. "Need" also alludes to a discrepancy or gap between the commitments schools currently demonstrate and those considered exemplary of community schools. Assets represent resources (realized and unrealized) within and outside of schools that contribute to a school's embodiment of community schools ideals. Assets may also represent characteristics or accomplishments that contribute to the formation of a community school. The needs assessment and asset mapping may reinforce needs and strengths that have already been identified as well as unrecognized ones.

Method

Madera Unified's CCSPP Leadership Team is spearheaded by the Department of Student and Family Support Services, which conducts district- and site-level needs assessments to inform the planning of community schools services. Since fall of 2021, this Leadership Team has partnered with Sierra Vista Elementary leaders to conduct a number of needs assessments, including (1) administering Panorama Surveys to students, staff, and parents/families; (2) conducting numerous virtual listening sessions to gather student, staff, and parent feedback; and (3) collecting qualitative feedback from community members who have requested Parent Resource Center services. The Leadership Team's needs assessment has also included the following:

Data Analysis: The Leadership Team compiled and analyzed numerical metrics, which included evaluating standardized assessment results, attendance information, school climate survey results, and similar resources that lend perspective on the scope or intensity of phenomenon that may warrant intervention. These efforts included analysis of school and community data sources related to education, health, student/family characteristics, attendance, behavioral data, health statistics, and many other domains.

Document Review: The Leadership Team collaborated with Sierra Vista Elementary leaders to gather documentation and artifacts that demonstrate the school's strengths and improvement areas. This included review of the School Accountability Report Card (SARC), School Plan for Student Achievement (SPSA), Panorama Surveys, evaluation reports from prior projects related to one or more of the Four Pillars of Community Schools, and Madera Unified Local Control and Accountability Plans.

Community Resource Scan: The Leadership Team inventoried community-based service providers operating within Sierra Vista Elementary and district boundaries. This inventory was organized into a "CCSPP Community Schools Partnership Matrix" that outlines the role of each existing partner. In addition to providing a concise summary of active community partnerships, the Matrix also aids in identifying service gaps that may exist or that might contribute to future community schools efforts.

District Vision for and Commitment to Community Schools

Madera Unified's long-term Community Schools strategic vision is to establish a district-wide network of community schools that provides high-quality and comprehensive academic, social-emotional, youth enrichment, health and wellness, and community engagement services that improve the lives of all students and families across the district's entire 384-mile service area. Madera Unified's 28 schools are organized into three "pyramids" that each contain one comprehensive high school, one middle school, and five to nine elementary schools. Over the past decade, Madera Unified has implemented and braided a number of special projects and initiatives that advance all Four Pillars and Four Cornerstone Commitments of Community Schools. These efforts have included prior and current grant projects funded by the California Department of Education and the U.S. Department of Education, such as an Elementary and Secondary School Counseling Program, School Climate Transformation Program, 21st Century Community Learning Centers Programs, and two prior California Community Schools Partnership Programs. The majority of investments to date (January 2023) have supported Madera Unified in establishing strong community schools within the district's Red Pyramid, and Madera Unified secured a CCSPP Round 1 grant that includes all Red Pyramid schools. Over the next two rounds of CCSPP funding, Madera Unified will continue to build on the district's CCSPP Round 1 Red Pyramid investments and scale its community schools initiative to all Purple Pyramid schools (CCSPP Round 2) and all Blue Pyramid schools (CCSPP Round 3).

All Madera Unified CCSPP strategies will advance the shared district-wide vision for community schools while also addressing school-specific needs related to each of the Four Pillars and Four Cornerstone Commitments of Community Schools and building the individual and collective capacities of each school and its community partners. As such, the district has established six overarching community schools goals. While each school may allocate resources differently to meet local needs, each school will use CCSPP investments to advance each of these district-wide CCSPP goals.

1. Increase academic achievement among the most vulnerable populations, particularly among students disproportionately impacted by COVID-related learning loss
2. Build school and district capacity to improve MTSS and PBIS fidelity of implementation
3. Expand social and emotional learning strategies across all schools through resource procurement and professional learning
4. Enhance school and district capacity to meet the behavioral and social-emotional needs of students by hiring new Pupil Personnel Services-credentialed staff and support specialists, delivering specialized professional learning, and enhancing coordination with mental and behavioral health services providers
5. Increase Parent Resource Center services to build family members' capacity to foster social and emotional learning supports in the home and to connect families with available community services
6. Sustain community schools efforts beyond the CCSPP Implementation Grant funding period

Measurable Goals and Activities

The Community Schools Coordinator will oversee data management and collaborate with an external evaluator to conduct formative and summative evaluation that will inform continuous quality improvement efforts at both school site and district levels. As CCSPP Implementation Round 2 investments will build on and advance Madera Unified's CCSPP Implementation Round 1 and other initiatives, the district will leverage several existing data management and evaluation tools and processes to support ongoing assessment, including Panorama Surveys and a Madera Unified Salesforce data system established through the district's U.S. Department of Education-funded School Transformation Grant. The CCSPP Leadership Team will integrate the following six CCSPP goals and performance indicators into its existing evaluation plan.

Goal 1: Increase academic achievement, particularly among students disproportionately impacted by COVID-related learning loss

Indicator 1.1: Increased number of students accessing out-of-school-time supports (attendance records)
Indicator 1.2: Increased number of students meeting ELA and Math standards (SBAC results)

Goal 2: Build school and district capacity to improve MTSS and PBIS fidelity of implementation

Indicator 2.1: Increased number of teachers and staff participating in MTSS and PBIS trainings (attendance records)
Indicator 2.2: Improved teacher and staff ability to implement MTSS and PBIS strategies with fidelity (classroom observation, SWPBIS Tiered Fidelity Inventory)
Indicator 2.3: Improved student behavioral outcomes (referrals, suspension/expulsion rates)
Indicator 2.4: Improved school climate (Panorama Surveys)

Goal 3: Expand social and emotional learning strategies across all participating schools through resource procurement and professional learning

Indicator 3.1: Increased number of teachers and staff participating in SEL trainings (attendance records)
Indicator 3.2: Improved teacher and staff ability to implement SEL strategies with fidelity (classroom observations, surveys)
Indicator 3.3: Improved regular day attendance (attendance records)
Indicator 3.4: Improved student behavioral outcomes (referrals, suspension/expulsion rates)
Indicator 3.5: Improved school climate (Panorama Surveys)

Goal 4: Enhance school and district capacity to meet the behavioral and social-emotional needs of students by hiring new PPS staff and support staff, delivering specialized professional learning, and enhancing coordination with mental and behavioral health services providers

Indicator 4.1: Increased number of PPS staff and other support services staff across target schools (contract records)
Indicator 4.2: Expanded scope of partnership agreements with mental/behavioral health services providers (contract records)
Indicator 4.3: Improved student behavioral outcomes (referrals, suspension/expulsion rates)
Indicator 4.4: Improved school climate (Panorama Surveys)

Goal 5: Increase PRC services to build family members' capacity to foster social and emotional learning supports in the home and to connect families to community services

Indicator 5.1: Increased number of parents and families who access PRC services (PRC service and attendance records)
Indicator 5.2: Increased number of parents and family members who report having adequate access to needed services (Panorama Family-School Relationship Survey)
Indicator 5.3: Increased parent/family member capacity to foster social-emotional supports in the home (Panorama Family-School Relationship Survey)

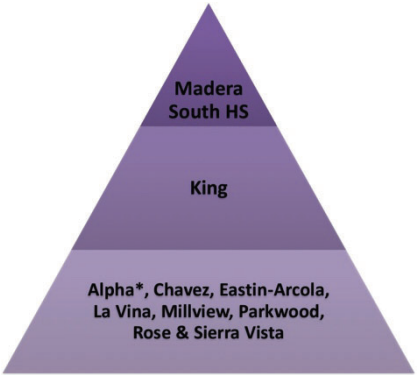

Goal 6: Sustain ASCENT-3 Project efforts beyond the CCSPP Implementation Grant funding period

Indicator 6.1: Increased number of partnership agreements documenting in-kind and/or financial support (MOU review)
Indicator 6.2: Increased LCAP funding allocated to support Community Schools efforts (LCAP review)

The Leadership Team will meet quarterly to review progress in achieving the above goals and dedicate the final meeting of each year to review progress in achieving target outcomes and to refine goals and indicators for the subsequent school year. The Leadership Team will strategically disseminate evaluation findings that demonstrate the project's success in order to encourage future investments in Madera Unified's community schools initiatives, including through LCAP investments and the continual cultivation of strong community partnerships that provide meaningful resources required to sustain community schools efforts at Sierra Vista Elementary and continue to scale Madera Unified's community schools initiative throughout the district.

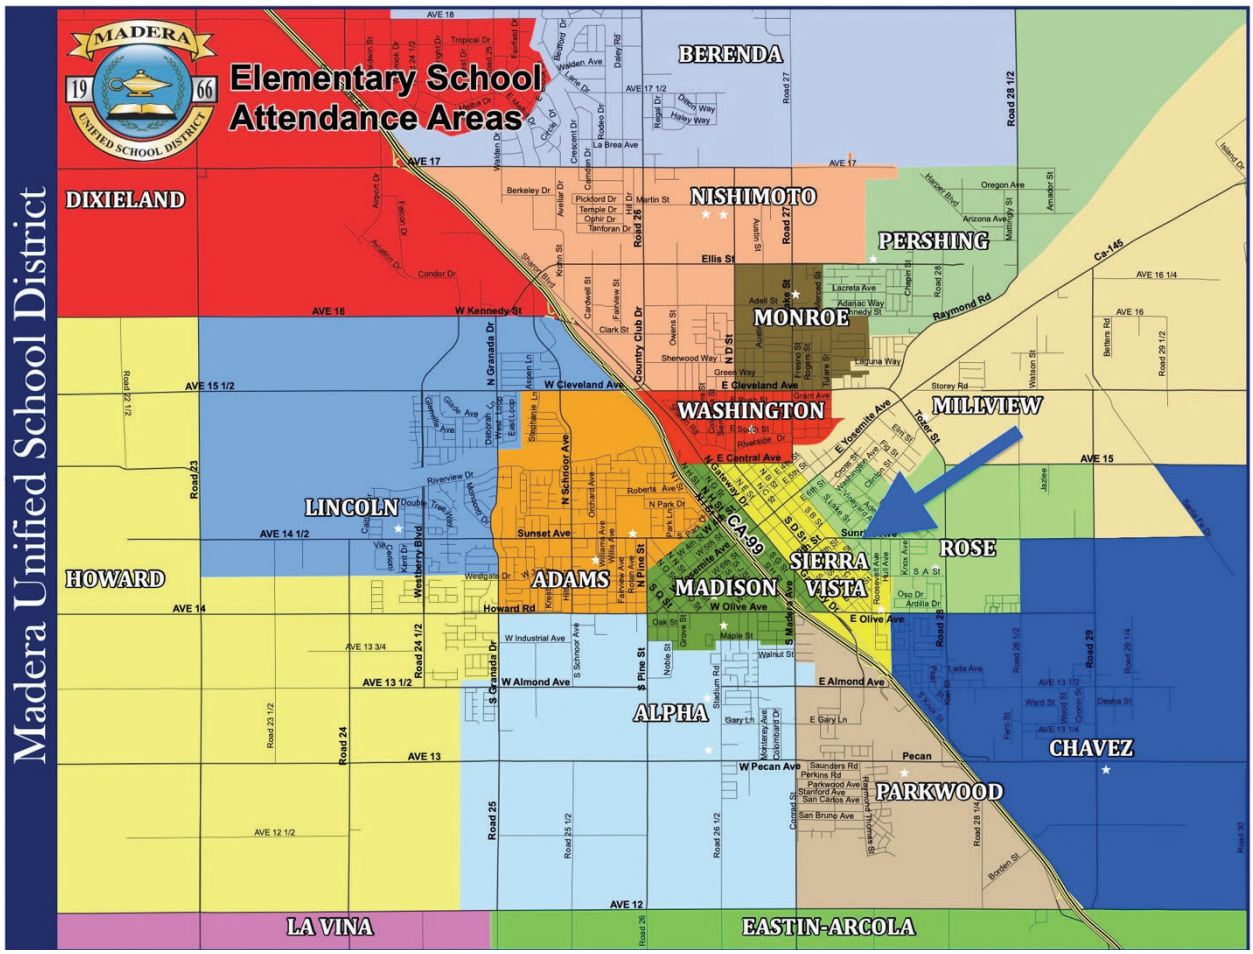

School Overview

Sierra Vista Elementary is one of 11 schools within Madera Unified School District's Purple Pyramid, a feeder system of elementary, middle, and high schools that collectively serve 8,270 students. More than 30,000 residents live within the boundaries of Purple Pyramid schools, which include Madera city urban neighborhoods and rural areas to the city's south that are home to some of the most underserved Madera County residents.

During the 2021-22 school year, Sierra Vista Elementary enrolled 707 K-6 students across the service area identified in Figure 1 below.

Figure 1. Sierra Vista Elementary School Service Area Map

As detailed in Table 2, Sierra Vista Elementary serves high percentages of Hispanic students (95.6%), English Learners (56.2%), and students who receive free or reduced-price meals (98.0%).

Table 2: Sierra Vista Elementary Student Characteristics	
Total School Enrollment	707
Student Demographics	
African-American	0.9%
American Indian or Native Alaskan	0.9%
Hispanic or Latino	95.6%
White	1.5%
English Learner Students	56.1%
Students Receiving Free or Reduced-Price Meals	98.0%
Unduplicated Pupil Count	98.5%

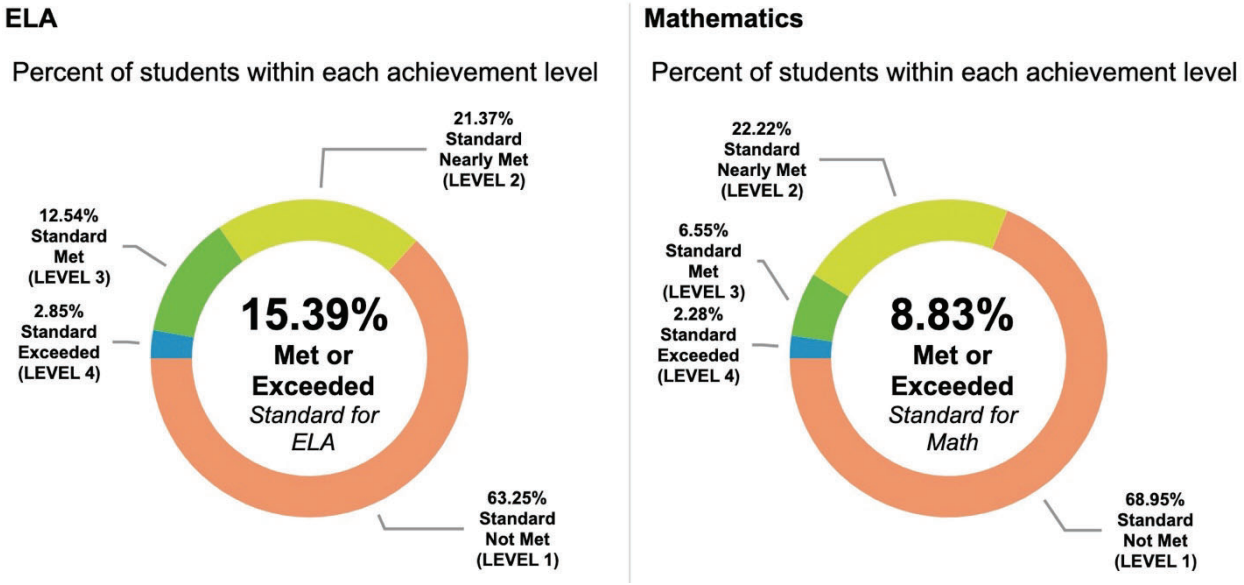

Sierra Vista Elementary School's mission is to provide a journey of academic excellence through rigorous instruction and cultural diversity to create the leaders of tomorrow. The school's vision is to make sure that all those who enter as kindergarteners are provided with a rigorous academic learning environment that inspires students to meet grade level targets and to empower students to become intrinsically motivated learners, who are responsible, ethical, creative, and compassionate by the end of sixth grade. Students will be prepared with the skills and the knowledge needed to enter middle school without remediation. Sierra Vista Elementary is dedicated to continuous improvement through the use of data from student performance, high-quality research-based instructional practices, and expanded student use of technology to guide development. Sierra Vista Elementary teachers and support staff frequently assess student academic, developmental, and social-emotional learning progress using tools such as Smarter Balanced Assessments, NWEA Assessments Panorama Surveys, and other local evaluation resources. Students who have not yet achieved grade-level skills are provided with appropriately focused intervention opportunities based on their individual needs. All Sierra Vista Elementary students benefit from the support of site-and district-level multi-tiered system of supports (MTSS), Response to Intervention (RtI), Positive Behavioral Interventions and Supports (PBIS), and a number of social-emotional learning strategies and curricula. Students also have the opportunity to participate in a number of out-of-school-time interventions offered both during the regular school year and summer months. Sierra Vista Elementary focuses on addressing the language needs of all students across the disciplines. English Learners receive instruction at the appropriate level based on their language level as measured by ELPAC. Sierra Vista Elementary is home to one of Madera Unified's 11 Parent Resource Centers. Parents are recognized as key elements in quality education, and Sierra Vista is committed to fully engaging parents in their children's progress. The Parent Resource Center provides a full range of parent and family engagement and education services to ensure parents possess the skills and knowledge required to effectively partner in this children's education.

Pillar 1: Integrated Student Supports

Academic Needs Assessment

Sierra Vista Elementary students at every grade level perform far below the state average in English Language Arts and Math. According to 2021-22 Smarter Balanced Summative Assessment results, only 15.39% of Sierra Vista Elementary students met or exceeded standard in ELA, and only 8.83% met or exceeded standard in Math, compared to statewide percentages of 47.06% (ELA) and 33.38% (Math).

Figure 3. Sierra Vista Elementary ELA and Math Smarter Balanced Assessment Summative Results (2021-22)

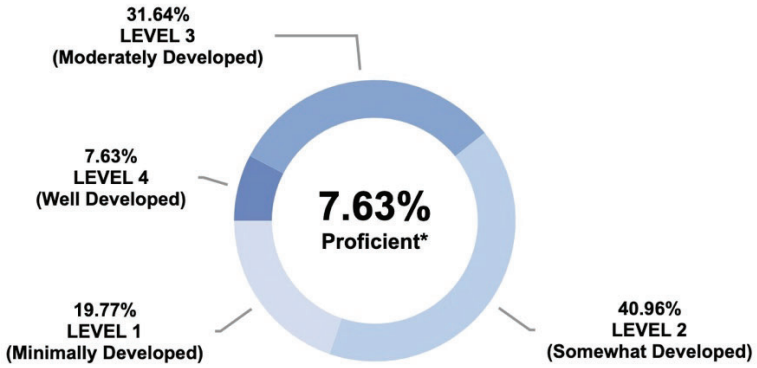

Achievement Level	Sierra Vista Elementary	State of California
Mean Scale Score	N/A	N/A
Standard Exceeded: Level 4	2.85 %	20.50 %
Standard Met: Level 3	12.54 %	26.56 %
Standard Nearly Met: Level 2	21.37 %	22.62 %
Standard Not Met: Level 1	63.25 %	30.33 %

Achievement Level	Sierra Vista Elementary	State of California
Mean Scale Score	N/A	N/A
Standard Exceeded: Level 4	2.28 %	16.06 %
Standard Met: Level 3	6.55 %	17.32 %
Standard Nearly Met: Level 2	22.22 %	24.66 %
Standard Not Met: Level 1	68.95 %	41.96 %

Gaps in academic achievement at Sierra Vista Elementary are most pronounced among English Learners, who account for 56.1% of all students. Results from the 2021-22 Smarter Balanced Assessment found that only 4.89% of English Learners met or exceeded standard for ELA and only 3.78% met or exceeded standard for Math. Results from the 2021-22 Summative English Language Proficiency Assessment for California (ELPAC) found that 7.63% of Sierra Vista Elementary English Learners are classified as English-language proficient (see Figure 4 below).

Figure 4: Sierra Vista Elementary Summative ELPAC Results (2021-22)

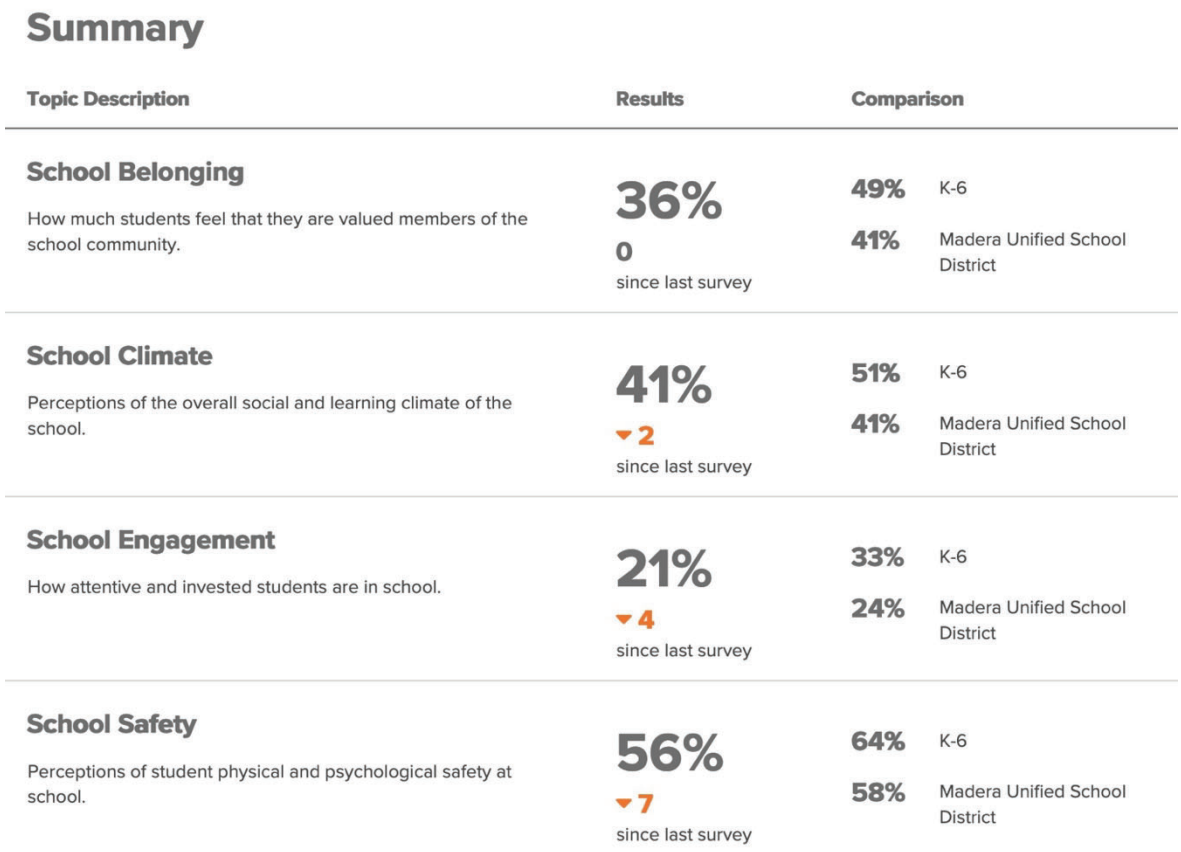

Social-Emotional Wellbeing Needs Assessment

Sierra Vista Elementary administers the Panorama Survey, which was developed by Harvard Graduate School of Education to be a valid and reliable tool for measuring student perceptions across 19 domains, including School Climate (perceptions of the social and learning climate of the school), School Safety (perceptions of student physical and psychological safety at school), School Belonging (how much students feel they are valued members of the school community), and School Engagement (how attentive and invested students are in school). Sierra Vista Elementary's Spring 2022 Panorama Survey results highlight significant needs in all four of these areas.

Figure 5. Sierra Vista Elementary 3-5th Grade Student Panorama Survey Results (Spring 2022)

Topic Description	Results	Comparison
School Belonging How much students feel that they are valued members of the school community.	**56%** ▲ 2 since last survey	**63%** Madera Unified School District
School Climate Perceptions of the overall social and learning climate of the school.	**51%** ▼ 2 since last survey	**61%** Madera Unified School District
School Engagement How attentive and invested students are in school.	**46%** ▼ 2 since last survey	**57%** Madera Unified School District
School Safety Perceptions of student physical and psychological safety at school.	**53%** ▼ 5 since last survey	**63%** Madera Unified School District

Figure 6. Sierra Vista Elementary 6th Grade Student Panorama Survey Results (Spring 2022)

Summary

Topic Description	Results	Comparison
School Belonging How much students feel that they are valued members of the school community.	**36%** 0 since last survey	**49%** K-6 **41%** Madera Unified School District
School Climate Perceptions of the overall social and learning climate of the school.	**41%** ▼2 since last survey	**51%** K-6 **41%** Madera Unified School District
School Engagement How attentive and invested students are in school.	**21%** ▼4 since last survey	**33%** K-6 **24%** Madera Unified School District
School Safety Perceptions of student physical and psychological safety at school.	**56%** ▼7 since last survey	**64%** K-6 **58%** Madera Unified School District

The Panorama Survey results outlined above provide insight into how much the COVID–19 pandemic has negatively impacted Sierra Vista Elementary students' social-emotional wellbeing, as demonstrated by the fact that Sierra Vista Elementary students have reported significant declines in nearly every Panorama domain from pre-pandemic assessment. Among 3rd–5th graders, the most significant decline was reported in the area of School Safety, which registered decreases of 5 percentage points. All four domains measured registered percentages below the district's average. The domain of School Engagement scored the lowest percentage (46%) among all domains assessed, demonstrating significant need for ongoing improvement in Sierra Vista Elementary's efforts to engage students in school.

In order to address persistent gaps in students' social-emotional wellbeing, Sierra Vista Elementary works closely with the Madera Unified Department of Student and Family Support Services. Recent collaborative efforts have included incorporating social-emotional learning curricula across all Sierra Vista Elementary grade levels; providing professional learning to Sierra Vista teachers and support staff in the areas of social-emotional learning strategies, PBIS, restorative practices, and trauma-informed instruction; and offering a number of trainings through the Sierra Vista Elementary Parent Resource Center designed to build family emotional resilience and train parents to foster their children's healthy social-emotional development.

Physical Health and Fitness Needs Assessment

Sierra Vista Elementary students exhibit many indicators of poor physical health and fitness that are persistent across Madera County and much of California's Central Valley. The County Health Rankings and Roadmaps (2022) identify Madera County as "among the least healthy counties in California" and ranked Madera County fifth worst among California's 58 counties in the category of Healthy Behaviors—Diet and Exercise, which measures residents' physical inactivity, obesity, and access to exercise opportunities. Further, according to the U.S. Department of Health and Human Services, more than 44% of Madera County children are obese or overweight.

Sierra Vista students score below their state-level peers in key physical fitness areas on the California Physical Fitness Test, which aligns with the Cooper Institute's criterion-referenced Healthy Fitness Zone (HFZ) and determines students' proficiency in the following six California fitness standards: Aerobic Capacity, Body Composition, Abdominal Strength, Trunk Extension Strength, Upper Body Strength, and Flexibility. As detailed in Table 7, Sierra Vista Elementary students demonstrate greatest need in the fitness standards of Flexibility and Body Composition. Of most concern is the fact that almost a quarter of 5th graders are designated "health risk" in the fitness area of Body Composition.

Table 7. Sierra Vista Elementary California Physical Fitness Test (FITNESSGRAM)

Physical Fitness Area	Total Tested[1] in Grade 5	Number Grade 5 Students in HFZ[2]	% Grade 5 Students in HFZ	% Grade 5 Students in Needs Improve-ment	% Grade 5 Students in Needs Improve-ment - Health Risk
Aerobic Capacity	89	76	85.4	14.6	0.0
Body Composition	89	42	47.2	28.1	24.7
Abdominal Strength	89	75	84.3	15.7	N/A
Trunk Extension Strength	89	88	98.9	1.1	N/A
Upper Body Strength	89	66	74.2	25.8	N/A
Flexibility	89	48	53.9	46.1	N/A

Sierra Vista Elementary School works to address students' physical health and fitness needs. These efforts are supported by Madera Unified's 40-member Wellness Committee, which establishes the district's Wellness Policy and oversees practices and projects designed to improve student physical health and fitness. Since 2017, Sierra Vista Elementary has participated in Madera Unified's initiative to address gaps in physical health and fitness by (1) improving students' understanding of and commitment to physical fitness, (2) increasing students' knowledge and practice of good nutrition and healthy eating habits, and (3) increasing teachers' nutrition education and physical education. However, shifts in site and district priorities resulting from the COVID-19 pandemic combined with recent decreases in funding for physical health and fitness education have disrupted progress toward meeting target performance measures.

Mental and Behavioral Health Needs Assessment

A high percentage of Sierra Vista Elementary students exhibit characteristics reflective of poor mental and behavioral health, and the community served by Sierra Vista Elementary has extremely limited and inequitable access to mental and behavioral health services. According to a recent California Health Care Foundation study and a separate study published by the California Department of Health Care Services, Madera County has the highest percentage of youth with serious emotional disturbance (SED) (8.2%) and the third highest percentage of adults with serious mental illness (SMI) (7.4%) among all California counties. Madera County is designated by the U.S. Health Resources and Services Administration as a countywide Medically Underserved Area and Population, and 100% of Madera Unified's service area is designated a Primary Care Health Professional Shortage Area. According to the California Office of Statewide Health Planning Development, the San Joaquin Valley has the lowest number of psychiatrists, psychologists, social workers, and therapists per resident among every region in the state. Compounding these persistent healthcare shortages is the fact that Madera Community Hospital permanently closed its doors at the end of 2022. While Camarena Health has extended Urgent Care hours in an effort to meet increased healthcare demands resulting from Madera Community Hospital closure, Sierra Vista Elementary's community expects to face even more limited access to healthcare services over the coming years.

Currently, Madera County Behavioral Health Services is the county's only mental health direct services provider. There are no behavioral health community-based organizations in Madera County, and alternative resources for services are scarce and typically inaccessible to Madera Unified's low-income families. While the California Healthcare Foundation estimates that half of California adults and two-thirds of adolescents with mental illness needs do not receive treatment, these percentages are considerably higher among Madera Unified's service population due to the higher prevalence of SED and SMI combined with the limited availability of mental and behavioral health services in Madera. In addition, Sierra Vista Elementary's service population, over 95% of which is Hispanic, is even less likely to access needed mental health services due to one or more of the following barriers: insufficient English language skills required to navigate the system, lack of bilingual/bicultural mental health professionals, negative stigmas associated with mental illness in Latino culture, and/or limited transportation options required to access services outside the community.

In addition to community-wide mental and behavioral health services gaps, both Sierra Vista Elementary's and Madera Unified's existing mental health services infrastructure is insufficient to address student needs. While Madera Unified has recently invested to enhance district-wide PBIS and MTSS infrastructures and to hire more support staff to provide tiered intervention, the majority of these personnel investments have targeted high schools due to severe school safety concerns at the secondary level. As a result, the district's K-8 schools still lack basic mental health services, and the district offers limited mental and behavioral health resources at

elementary and middle school levels. Madera Unified K-8 schools currently employ only 12 psychologists (1,056:1 student-staff ratio), 18 counselors (704:1 student-staff ratio), and no social workers for 12,669 students, compared to national average ratios of 1,041-to-1 (psychologists), 415-to-1 (counselors), and 690-to-1 (social workers). Sierra Vista Elementary School currently has only a 0.5 FTE counselor, no social workers, and no resource specialists. While a 0.8 FTE psychologist is assigned to the school and is on call to assist Sierra Vista Elementary students in emergency situations, Madera Unified psychologists' primary responsibility is special education testing, observation, and paperwork, and their special education workload does not allow them time to provide direct services to Sierra Vista Elementary students and their families. According to a survey of Madera Unified teachers, only 5% of elementary teachers and administrators reported that their school "provides adequate counseling and support services for students," and only 5% reported that their school "emphasizes helping students with their social, emotional, and behavioral problems."

In addition to lacking the financial resources needed to increase school-based mental health services, Madera Unified and Sierra Vista Elementary has historically struggled to recruit mental and behavioral health professionals due to the limited pool of qualified candidates within district boundaries. Fresno State University (located between 30 and 45 minutes by car from Madera Unified schools) is the closest institution of higher education that produces credentialed counselors, social workers, and school psychologists, and the majority of Fresno State graduates either remain within the urban center of Fresno city or secure employment at more well-resourced Central Valley districts. In an effort to increase the number of Fresno State graduates employed by the district, Madera Unified established a formal partnership with Fresno State's Department of Social Work Education in 2021 to serve as a field placement site for counselor and social worker internships. However, due to the long distances between Fresno State and Madera Unified schools, the district continues to face challenges in recruiting interns to complete field placements in Madera, and Madera Unified currently hosts only two interns.

While insufficient resources to increase direct mental and behavioral health services and a limited pool of qualified health professional candidates inhibits Sierra Vista Elementary from more fully addressing the student behavioral and mental health needs detailed above, Sierra Vista Elementary School continues to collaborate with the Madera Unified Department of Student and Family Support Services and community service providers to address student needs. In January of 2023, Madera Unified secured a five-year $7.8 million School-Based Mental Health Services Grant from the U.S. Department of Education to improve district-wide capacity to deliver high-quality mental and behavioral health services. This initiative will specifically benefit Sierra Vista students over the coming years by (1) cultivating a homegrown workforce of bilingual and bicultural behavioral and mental health professionals who mirror the demographics of the Sierra Vista Elementary community; (2) increasing retention among school-based mental health services providers; (3) increasing the number of students who access mental health services and the number of parents engaged in mental health awareness trainings; and (4) increasing students' behavioral and mental health and overall wellbeing.

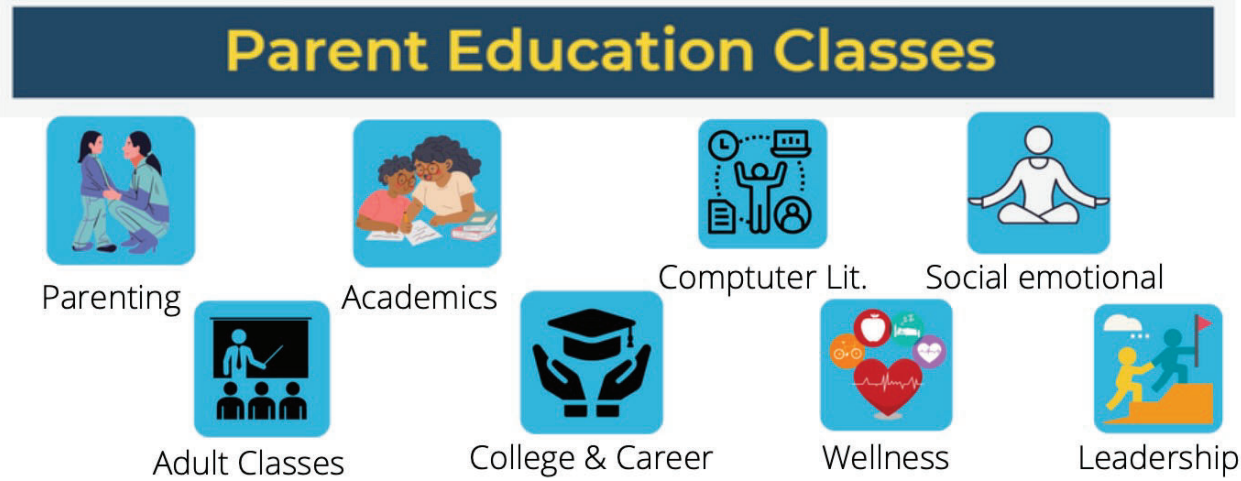

Pillar 2: Family and Community Engagement

Among the four pillars of community schools, Family and Community Engagement is perhaps the strongest both at Sierra Vista Elementary School and across Madera Unified School District. As detailed in Table 8, the California School Dashboard Parent and Family Engagement Report highlights the strength of this pillar in Madera Unified across every domain assessed.

Table 8: Madera Unified Parent Family Engagement Report (2022)

Exploration & Research Phase	Beginning Development	Initial Implementation	Full Implementation	Full Implementation and Sustainability
Parent and Family Engagement Domain				**Implementation Stage**
Developing the capacity of staff (i.e., administrators, teachers, and classified staff) to build trusting and respectful relationships with families.				Full Implementation
Creating welcoming environments for all families in the community.				Full Implementation
Supporting staff to learn about each family's strengths, cultures, languages, and goals for their children.				Full Implementation and Sustainability
Developing multiple opportunities for the LEA and school sites to engage in 2-way communication between families and educators using language that is understandable and accessible to families.				Full Implementation and Sustainability
Providing professional learning and support to teachers and principals to improve a school's capacity to partner with families.				Full Implementation
Providing families with information and resources to support student learning and development in the home.				Full Implementation
Implementing policies or programs for teachers to meet with families and students to discuss student progress and ways to work together to support improved student outcomes.				Full Implementation
Supporting families to understand and exercise their legal rights and advocate for their own students and all students.				Full Implementation
Building the capacity of and supporting principals and staff to effectively engage families in advisory groups and with decision-making.				Full Implementation
Providing opportunities to have families, teachers, principals, and district administrators work together to plan, design, implement and evaluate family engagement activities at school and district levels.				Full Implementation

Madera Unified views parents as true partners in the education of their children and works to foster opportunities to meaningfully engage with parents, family members, student champions, and invested community stakeholders. At the district level, Madera Unified's **Department of Community Services and Parent Resource Centers** is charged with providing parents and families with the resources and tools necessary to support their children's academic success and facilitating opportunities for parents to be involved and engaged in the education of their children. Over the past decade, this department has established **11 Parent Resources Center (PRCs),** which are spread across the district and serve as one-stop shops for the provision of parent, family, and community services. PRCs partner with agencies such as Madera Coalition for Community Justice, Family Leadership, Madera County Behavioral Health Services, and Parent Institute for Quality Education to deliver a range of in-person and virtual services to parents and families, including parenting, ESL, and digital literacy classes; family health and wellness nights; and COVID-related essential resources; among many other services. PRCs conduct two community-wide needs assessments per year using the Panorama Survey, which enables each PRC to recalibrate family and community services based on emerging local needs. Each PRC also maintains a Resource Directory of Community Services for Madera County and actively connects families with community resources (described further below).

Throughout the COVID-19 pandemic, Madera Unified significantly expanded Parent Resource Center services to meet the emerging needs of district families. This included launching a **PRC Call Center** to facilitate communication between families and schools and to connect families to available community services, such as services related to housing, food, clothing, physical health and safety, mental and behavioral health, counseling, recreation programs, workforce training, childcare, and employment. The PRC Call Center is managed by bilingual PRC staff and operates during nontraditional hours in order to better serve family members, many of whom may be working adults. PRC staff are trained to answer school related questions, provide basic IT support, and refer parents and families to available community service providers.

During the COVID-19 pandemic, the Department of Community Services and Parent Resource Centers also launched a new online **Resource Directory of Community Services for Madera County** to serve as a one-stop resource that connects Madera Unified parents, employees, and community members to available resources. The Resource Directory of Community Services serves as a digital hub of resources stemming from cradle to adulthood. The Department of Community Services and Parent Resource Centers updates the Resource Directory monthly to keep the information current and to benefit community stakeholders with up-to-date resources that they can easily access on a continuum. The Resource Directory links to more than 300 organizations, including a comprehensive array of community resources throughout Madera County. Users have access to 40 categories, including Educational Services and Departments, Food and Clothing, Government and State Agencies, Youth Centers and Programs, and Health and Wellness. The Resource Directory is the result of a partnership with the Community Action Partnership of Madera County and the support of Madera County Department of Social Services, Madera County Behavioral Health, Workforce Assistance Center, and Madera County Probation. These governmental agencies share in the vision of helping all Madera Unified families overcome challenges by accessing community resources and support.

Figure 9: Sampling of links to services on the Madera Unified's PRC website

In addition to providing PRC parent resources and linkage to community services, Madera Unified meaningfully engages with parents through the **Parent Advisory Committee (PAC)** and **District English Learner Advisory Committee (DELAC).** The PAC is composed of parent volunteers who gather during the school year to be connected, heard, and informed about the district. Each school in Madera Unified elects one parent representative and an alternate to attend each PAC meeting. The PAC's mission is to provide an authentic parent voice in an advisory capacity to the Madera Unified Board of Education and the Superintendent on matters pertaining to

district goals, actions, and finances. The function of the PAC is to consult, review, and comment on the Madera Unified Local Control and Accountability Plan (LCAP) to ensure it reflects the input of district parents and key community engagement groups. The DELAC is the district-level English Learner Advisory Committee composed of parents, staff, and community members who collaboratively assess district-wide English Learner needs, programs, and services and advise district officials on ways to better serve English Learners. Both the PAC and DELAC represent crucial mechanisms for parent and family engagement and two-way communication between district leaders and families. For example, both the PAC and DELAC actively participate in virtual and in-person meetings to gather parent and family member feedback on the LCAP. This feedback is compiled and presented to the Board and Superintendent during a Board meeting, and the Superintendent then meets with each committee to provide his response and meaningfully engage with each committee.

To facilitate direct communication at the site level, Sierra Vista Elementary uses **ParentSquare** to keep parents and family members informed through email, text, and app notifications regarding important school- and district-level activities, such as parent education nights, special activities, engagement opportunities, and other useful information. ParentSquare automatically generates an account for each parent, using their preferred email address and phone number. Sierra Vista Elementary also uses ParentSquare to send out emails and text messages and enables parents to communicate directly with their child's classroom teacher through the app. Sierra Vista Elementary administrators and teachers encourage parents to access their accounts so they can download the mobile app and update their preferences on when and how they are notified, and the Sierra Vista Elementary Parent Resource Center assists parents with ParentSquare registration and navigation.

Sierra Vista Elementary provides a number of opportunities for parents to engage with school decision-making through the **Caring Parents and Teachers (CPAT**) organization, **School Site Council (SSC),** and **English Language Advisory Committee (ELAC).** CPAT members collaborate to execute parent-driven school improvement efforts that meet identified needs. The CPAT has recently launched a scholarship program and holds several fundraisers each year to support classroom activities. Sierra Vista Elementary also actively encourages parent participation in the SSC and ELAC. Through these committees, parents engage in the collaborative development and approval of the Sierra Vista Single Plan for Student Achievement (SPSA), School Safety Plan, and Title I budget. All of these local decision-making bodies work to build effective school-to-home connections that support Sierra Vista Elementary student attendance, positive behavior, and an understanding of a Common Core Standards-based curriculum. In addition to these parent engagement opportunities and quarterly Parent-Teacher Conferences, Sierra Vista Elementary holds the traditional Back-to-School Night and Open House, where parents are invited to observe their children's classroom engagement.

Pillar 3: Collaborative Leadership and Practices

Madera Unified is committed to establishing a culture of collaboration and shared leadership among administrators, teachers, support staff, students, families, and community stakeholders. In recent years, the district has made significant investments to provide high-quality district- and site-level professional development designed to increase the capacities of leaders and teachers to serve students and families. All principals and vice principals as well as a number of district office leaders have completed all required courses to receive their **National Institute in School Leadership (NISL) certification** through the National Council of Education and the Economy (NCEE). The NCEE NISL program is a research-proven professional learning program for school leaders that prepares them to create and lead high-performance organizations, improve instruction, leverage data-driven decision-making, and improve student and school culture with a focus on equity. Madera Unified has also developed a local level district accountability system called the **Madera Learning System (MLS).** The MLS articulates a clear set of higher expectations than what exists both at the state and federal levels and provides the district with a multiple measures report on how well each school is performing in the domains of Academic, Engagement, and Management. The MLS identifies high performing schools that meet recognition criteria in each of these domains and schools that require technical assistance. Schools that require technical assistance then receive targeted support and are monitored more closely through a validation visit process. Additionally, site leaders utilize equity report cards to have discussions with teachers on overall classroom performance and ways to leverage professional development and training to support growth.

Madera Unified district and school leaders have also completed **NCEE's Executive Development Program (EDP),** a 12-session program of over 144 hours of instruction. The EDP is the largest and most effective executive development program for school leaders across the United States. To complement NCEE's executive leadership training, Madera Unified schools began offering **NISL's Teaching for Effective Learning (TEL)** in 2020. TEL engages teachers in three full-day sessions of coursework on how people learn. Both EDP and TEL programs are high-quality professional development processes created to help provide leadership, support, and capacity building to school leaders and teachers. Combined, this professional learning is expected to improve the overall quality of education across Madera Unified in nine specific domains: (1) provide strong support for children and their families before students arrive at school; (2) provide more resources for at-risk students than for others; (3) develop world-class, highly coherent instructional systems; (4) create clear gateways for students through the system, set to global standards, with no dead ends; (5) assure an abundant supply of highly qualified teachers; (6) redesign schools to be places in which teachers are treated as professionals, with incentives and support to continuously improve their professional practice and the performance of their students; (7) create an effective system of career and technical education and training; (8) create a leadership development system that develops leaders at all levels to manage such systems effectively; and (9) institute a governance system that has the authority and legitimacy to develop coherent, powerful policies, and is capable of implementing them at scale.

To dramatically improve student achievement across the district, Madera Unified has also worked with NCEE to craft a district redesign focused on developing a high-performing educational system. The district redesign, also called **District System Design Partnership (DSDP),** is a district-wide endeavor involving a wide array of community educational partners. Members of the redesign committee included site leaders, teachers, union leadership, district leaders, trustees, and leaders of community-based organizations and local governmental agencies. This ambitious project began with a collaborative process called "View Your District Context Through the Lens of Top-Performing Education Systems," which required district leaders and partners to conduct a root cause analysis to identify the key elements that drive the district's results. A process of contextual analysis was interconnected with the research on the highest performing education systems across the globe, which led Madera Unified to focus improvement efforts over the coming years on the first six of the nine NISL domains outlined in the previous page.

In addition to the above district-wide efforts to improve systems for collaborative leadership, shared governance, and student achievement, Madera Unified has recently implemented district- and site-level structures and professional learning designed to build each school's capacity to implement multi-tiered system of supports, positive behavioral interventions and supports, and social-emotional learning strategies. These efforts have included establishing two new positions. The **Director of School Culture and Climate** serves as the administrative lead in overseeing district-wide implementation of evidence-based social-emotional learning and behavioral intervention systems and practices. The **PBIS Coordinator** collaborates with the district's three **MTSS-PBIS Specialists** to provide ongoing site-level PBIS training, coaching, technical assistance, and support to ensure each school implements PBIS with fidelity. The PBIS Coordinator and MTSS-PBIS Specialists provide each school's **PBIS Site Lead** with monthly half-day trainings focused on supporting the PBIS Site Lead in building site-level capacity to improve fidelity of implementation weaknesses identified through ongoing assessments. Each PBIS Site Lead then shares lessons learned with his or her school's respective **School-Based PBIS Leadership Team** and **Behavior Support Team**. Ongoing site-level PBIS implementation coaching, coordination, and evaluation have become a core component of Sierra Vista Elementary's recently established weekly Elementary Specials rotation. The Grade-level teaching team engage in a minimum of 100 minutes of PLC collaborations focused on discussing and developing high-quality lessons and evidence-based practices, while students receive a 50-minute session of music, art, STEM, library/literacy and P.E. activities. The Director of School Culture and Climate, PBIS Coordinator, and MTSS-PBIS Specialists frequently provide targeted coaching and support during these PLC times to address site-specific weaknesses regarding Sierra Vista Elementary's implementation of PBIS and/or social emotional learning programs and practices.

The professional learning efforts described above have resulted in higher-quality collaborative leadership and practices, enhanced systems of support, and improved implementation of academic standards. As detailed in Table 10 below, Madera Unified's California School Dashboard ratings for Implementation of Academic Standards

highlight the districts success in the areas of professional development, instructional materials, policy and program support, implementation of standards, and engagement of school leadership, with the district achieving the two highest ratings in 21 of the 23 subscales assessed. For comparison, in 2018, the district achieved the two highest ratings in only 16 of 23 subscales.

Identifying the professional learning needs of groups of teachers or staff as a whole				Full Implementation & Sustainability
Providing support for teachers on the standards they have not yet mastered				Full Implementation & Sustainability
Identifying the professional learning needs of individual teachers				Full Implementation & Sustainability

Sierra Vista Elementary School benefits from all of the above district-wide leadership structures and professional development while also implementing a number of site-specific professional learning opportunities designed to build local capacity of leaders, teachers, and community partners to best meet the needs of Sierra Vista Elementary students and their families. Sierra Vista Elementary professional development is focused on improving the performance of all students and especially closing the achievement gap between English-proficient students and English Learners as well as between high- and low-income students. Sierra Vista Elementary leverages its bi-monthly staff meetings and quarterly non-instructional planning days to meet in whole staff and grade-level collaborative groups and participate in training that focuses on strategies and best practices related to reading, writing, math, English Learner strategies, and technology. The **Professional Learning Community** process is extremely valued at Sierra Vista Elementary. All teachers collaborate together in grade-level PLCs devoted to lesson planning, studying student data, creating Common Formative Assessments, engaging in the **Cycles of Inquiry** process, backward mapping, exploring grade-level specific Common Core Standards, and searching for more rigorous activities to supplement the Sierra Vista Elementary core curriculum. Teachers also attend a number of workshops and conferences throughout the year to improve instructional practices. A selected team of Sierra Vista Elementary teachers and support staff complete PBIS training and serve as the school's site leads in establishing positive behavioral interventions and supports and implementing consistent social-emotional learning strategies.

In addition, Sierra Vista Elementary provides administrators, teachers, and support staff with flexibility to complete a professional learning plan that meets their individual professional development needs. This may include (1) attending professional trainings workshops, webinars, seminars, and conferences to plan, deliver, and implement a rigorous and relevant curriculum; (2) conducting site visits of other elementary schools both within Madera Unified and in neighboring districts to observe classroom instruction and share best practices; (3) collaborating with school and district personnel specialized in serving special student populations and designing classroom strategies to differentiate instruction and provide targeted support to special needs students; and (4) receiving in-class coaching provided by Sierra Vista Elementary administrators and district coaches.

Pillar 4: Expanded Learning Time and Opportunities

Sierra Vista Elementary offers comprehensive after school programming through the Sierra Vista Elementary After School Program, which takes place on the school campus immediately following the regular school day. The program provides an environment for safe and accessible expanded learning, as all students are engaged in either group or one-on-one activities supervised by a caring adult. After school academic assistance is divided into two core components: Homework Club and Tutorial Time. During Homework Club, certificated teachers and preservice teachers ("Teaching Fellows") provide one hour of small group homework assistance in all core subjects. After completing Homework Club, students participate in 40 minutes of Tutorial Time, which consists of small group tutorials that reinforce instructional day lessons by following each grade level's Curricular Map. Sierra Vista Elementary also use MyON, an online ELA reading program that provides integration of science and social studies content. To provide targeted English Learner support, bilingual Teaching Fellows with experience and/or credentials relevant to serving English Learners lead Homework Club and Tutorial Time sessions for English Learners and employ evidence-based strategies designed to improve English Learner outcomes.

Following the academic component, the After School Program provides a variety of enriching youth development clubs featuring active learning activities designed to build skills necessary to succeed in core academic classes while connecting academic learning to real-world situations relevant to the lives of students. Students choose two 35-minute activities per day. Personal interest activities include drama, theater, arts and crafts, nutrition and cooking, instrumental music, computers and technology, hands-on science, literature and reading, physical fitness, recreational activities, and team sports. Personal growth activities include leadership training, self-esteem courses, service-learning, and conflict management/resolution training. Enrichment club activities are scaffolded in a way that facilitates student mastery of skills of increasing difficulty - a research-based practice that keeps students engaged in collaborative, hands-on PBL activities that lead to a culminating event at the end of each club (e.g., Student End-Of-Year Showcases, Lights On Events). In addition, activity planning is grounded in feedback from student surveys administered by the program's Student Leadership Council in order to ensure that activities make a clear linkage between program activities that impact their students' lives outside of the program.

Sierra Vista Elementary School's After School Program prioritizes students who are most at risk of academic failure, special needs students (e.g., English Learners, special education students), and students who consistently demonstrate at-risk youth behavior. Instructional day teachers, counselors, and administrators serve as the site leads for identifying students most in need of expanded learning program academic assistance and youth enrichment services, and they collaboratively identify target students during weekly grade-level PLC meetings. Student assessment criteria include standardized test scores (criterion referenced), common formative assessments, district

assessments, language assessments, behavioral assessments, and any additional indicators presented by regular day teachers, counselors, and administrators (e.g., homework completion, difficult home situations). Once target students are identified, instructional day personnel refer students to the After School Program, which may include personal contact with students and/or parents (e.g., email, phone call, face-to-face meeting), referrals through the counseling office, or coordination with the Site Coordinator to conduct targeted outreach and encourage program participation.

In addition to proactively identifying and referring students with special needs to the program, the Sierra Vista Elementary After School Program employs several strategies to remove all potential barriers to participation once students are enrolled in the programs. As 56.1% of Sierra Vista Elementary students are English Learners, the After School Program ensures activities effectively meet the academic and developmental needs of English Learners. Sierra Vista Elementary coordinates with the California Teaching Fellows Foundation to staff the program with bilingual Teaching Fellows to provide linguistically appropriate support for English Learners. Madera Unified Academic Coaches funded through Title I provide professional development to program staff on instructional strategies that have a proven track record of improving English Learner academic performance. In addition, Title III-funded Madera Unified English Language Development Coaches work with the Sierra Vista Elementary Site Coordinator to ensure academic tutorials are standards aligned and employ evidence-based strategies specifically for English Learners. The program also utilizes curricula and resources that have documented success for use with students with limited English language proficiency, such as English-as-a-Second-Language (ESL) curriculum, SRA Reading Programs, and Imagine Learning curricula and resources. To ensure the program remains up-to-date regarding emerging English Learner needs, the Site Coordinator attends Sierra Vista Elementary ELAC meetings, and at least one ELAC representative serves on the After School Program Leadership Team.

To effectively serve all special education students and students with developmental disabilities, the Site Coordinator meets with Sierra Vista Elementary special education teachers to discuss ways program activities should be modified to accommodate each student with special needs. These meetings include a review of the target student's Individualized Education Plan (IEP) or 504 Plan. When possible, the Site Coordinator designates program staff with experience and/or credentials for serving special education students (e.g., Teaching Fellows who are preservice teachers in the special education teacher track) to deliver academic and enrichment activities attended by special education students. Lastly, at the start of each week, the Site Coordinator meets with all staff members leading program activities attended by students with special needs and discusses the accommodations recommended by instructional day special education teachers and/or the Sierra Vista Elementary counselor.

Sierra Vista Elementary's After School Program benefits from strong community partnerships that provide a number of academic and enrichment opportunities for program participants, including the following:

Girl Scouts USA provides the Sierra Vista Elementary After School Program with a number of enrichment activities, including standards-aligned health, creative arts, math and science, youth development, and environmental awareness activities.

UC CalFresh's Nutrition Education Program coordinates with the After School Program to provide materials, resources, and staff training required to implement physical fitness and wellness education.

CalViva's Health Education Department provides students and families with Fit Families for Life, a five-week family education program that covers topics such as making healthy food choices, engaging in regular exercise, understanding nutrition facts labels, and adding fruits and vegetables to meals.

Community Action Partnership of Madera County provides parents and family members with the Strengthening Families Program, an evidence-based enrichment program designed to support parents of English Learners by delivering training to enhance parenting skills, children's life skills, and family skills.

Madera Coalition for Community Justice provides training to parents on how to become school leaders. Workshops focus on bolstering parent involvement through participation in the School Site Council, Parent Clubs, ELAC, and volunteerism in various school venues.

City of Madera Parks and Community Services delivers science education activities during select program days. City of Madera Parks and Community Services also provides staff and resources to lead a variety of academic achievement and enrichment activities, including Navigation 101, Junior Achievement, Academic Game Plan, community service projects, mentoring programs, and STEM service-learning projects.

Madera County Arts Council provides the PACES Art Club, during which local professional artists lead workshops, assemblies, and performances geared toward elementary and middle school students. Artists also lead students as they develop small- and large-scale art projects and performances aligned with California Visual and Performing Arts Standards, such as theater and dance productions, photography portfolios, paintings, and sculptures.

The Parent Institute for Quality Education (PIQE) provides parents and families with the Parent Engagement Education Program, which empowers parents to (1) become actively involved in their children's education by becoming more effective co-teachers at home, (2) work in partnership with the school system, and, ultimately, (3) become the architects of their children's educational future.

Family Leadership Inc. provides Sierra Vista Elementary parents with a series of nine Parenting Partners workshops designed to develop parenting and leadership skills that empower parents to become vital contributors to their children's academic success.

Darin Camarena Health Centers provide the Sierra Vista Elementary Parent Resource Center with health-related materials and resources to share with students and their family members. Darin Camarena Health Centers also collaborate with PRCs to provide direct health and wellness services and referral services during and after school hours.

Stakeholders Engaged in Community Schools Planning

Sierra Vista Elementary's community schools initiative engages key leaders and stakeholders at both the district and site levels. At the district level, Madera Unified's Community Schools Leadership Team is spearheaded by the Community Schools Coordinator and Department of Student and Family Support Services, which conducts district- and site-level needs assessments to inform the planning of community schools services. The Community Schools Leadership Team is composed of (1) administrators from each Department of Student and Family Support Services division; (2) administrators, teachers, and staff from Sierra Vista Elementary School (including personnel specialized in serving special populations); (3) parent leaders; and (5) at least one representative from each major community partner. The Leadership Team is also divided into three Subcommittees that meets more frequently to discuss issues specific to their Subcommittee areas of expertise. These Subcommittees are Community Health Services, Community & Parent Resources, and Extended-Day Programming.

Table 11: Madera Unified Community Schools Leadership Team Roster

Title	Organization	Key Community Schools Roles and Responsibilities
Assistant Superintendent of SFSS	Madera Unified School District	Leads CCSPP Leadership Team; provides district-level support to all CCSPP project personnel; oversees data management and evaluation
Director of Community Services & Parent Resource Centers	Madera Unified School District	Provides district-level oversight and support to the Sierra Vista Elementary Parent Resource Center; maintains the Resource Directory of Community Services for Madera County
Director of School Climate and Culture	Madera Unified School District	Supports local implementation of the MTSS/PBIS Action Plan; coordinates MTSS/PBIS, SEL, and RJ professional development
Principal	Sierra Vista Elementary	Provides site-level CCSPP leadership and support; leads site-level efforts to prospect and secure partnerships and resources
Lead Teachers	Sierra Vista Elementary	Support Sierra Vista Elementary with site-level CCSPP planning and implementation
Director of Programs and Business Development	Camarena Health	Provides physical and mental/behavioral healthcare services to MUSD students and families; provides the PRC with health-related materials and resources to share with students and families

Director	Madera County Behavioral Health Services	Oversees interagency collaborative planning of case management and behavioral health services to MUSD service population; facilitates linkages and access to a continuum of services for students with social-emotional, behavioral, and academic needs
Executive Director	California Teaching Fellows Foundation	Recruits, screens, trains, and places preservice teachers to lead expanded learning programming for MUSD students
Executive Director	Community Action Partnership of Madera County	Supports MUSD in coordinating a broad range of community services for low- and moderate-income families, including childcare, early childhood education, housing, and victim services, among many other services
Director of the Office of Community Based Learning	Fresno State University	Collaborates with CTFF to recruit, screen, and refer preservice teachers to serve in MUSD expanded learning programs; coordinates and hosts monthly PD for expanded learning program staff
Director	Family Leadership, Inc.	Provides MUSD parents and families with a series of eight Parenting Partners workshops designed to develop parenting and leadership skills
Director	Madera Parks & Community Services	Collaborates closely with MUSD to provide a broad menu of evidence-based extended-day youth enrichment activities that promote students' physical, social-emotional, and mental health and wellness
Executive Director	Parent Institute for Quality Education, Fresno	Coordinates the delivery of PIQE's nine-week Parent Engagement in Education Program through MUSD PRCs
Police Lieutenant	Madera Police Department	Serves on MUSD's School Safety Team and supports schools in developing and updating the Comprehensive School Safety Plan and Emergency Response Plan
Executive Director	Madera Coalition for Community Justice	Provides PRC-based workshops that build parents' capacity to effectively partner in their children's education
Executive Director	Madera Arts Council	Provides MUSD students with extended-day youth enrichment arts-related activities and provides opportunities for students to participate in community art projects and performances
Parent Leaders	Sierra Vista Parents	Engage in CCSPP planning meetings

This district-level Community Schools Leadership Team ensures shared governance of community schools and shared responsibilities for the process of school transformation by engaging with the Sierra Vista Elementary School Site Council, which serves as the site-level community school governing body. Since fall of 2021, the Madera Unified Community Schools Leadership Team has partnered with the Sierra Vista Elementary School Site Council as well as other local leaders and community stakeholders to conduct a number of needs assessments and asset mappings.

Table 12: Sierra Vista Elementary Community School Governing Body (SSC)

Member Type	Name
Principal (or Designee)	Jamie Huerta
Elected Other School Personnel	Cecilia Jimenez
Elected Teacher on Record	Cristina Bueno-Delgado
Elected Teacher on Record	Karla Alcaraz
Elected Teacher on Record	Michelle Torres
Elected Teacher on Record	Mary Ann Kent
Elected Parent/Community Member	Virginia Pena
Elected Parent/Community Member	Norma Reyes
Elected Parent/Community Member	Adela Herrera
Elected Parent/Community Member	Luis Guittierrez

The Community Schools Coordinator (supported with CCSPP grant funding) will continue to spearhead community engagement and school transformation efforts by (1) chairing Community Schools Leadership Team meetings and collaborating closely with Sierra Vista Elementary leaders and stakeholders to ensure fidelity of CCSPP Project implementation and the success of all proposed school improvement efforts; (2) maintaining a Community School Partnership Matrix that outlines the commitments of each partner; (3) serving as Madera Unified's lead liaison to each partner; (4) collaborating with the Madera Unified Executive Director of Accountability and evaluator to assess the quality and impact of community school services; (5) leading the Leadership Team in the continuous quality improvement efforts; and (6) broadly disseminating evaluation findings to the Madera Unified Executive Cabinet, School Board, and Purple Pyramid school communities to ensure the long-term sustainability of community school services, including through LCAP integration.

Throughout CCSPP implementation, the Madera Unified Community Schools Leadership Team and Sierra Vista Elementary School Site Council will continue to meet quarterly to collaboratively review school and community needs assessment data, plan and refine services delivery, and engage in continuous quality improvement. One meeting per year will focus on review of partner roles and ways to effectively leverage and braid partner resources to best meet the needs of Sierra Vista Elementary students and families and to avoid service duplication.

7. Reports / *Reportes*
   a. Progress towards site goals
      i. Academic Achievement (Math and ELA) / *Logro Académico (Matemáticas y Artes de Lenguaje)*
      Mrs.Huerta reviews Academic Achievement/ *La Sra. Huerta revisa el Logro Académico*
      States we are on track to meet those goals/ *Estados Unidos estamos en camino de alcanzar esos objetivos*

      ii. Positive Behavioral Interventions and Supports (PBIS) / *Intervenciones y Apoyos de Conducta Positiva update on pbis,*
      Set a school wide goal with PBIS team: decrease the number of office referrals by 10 percent over the next 4 weeks. Incentive for the next 4 weeks, tracking student behavior during recess times, classes will have two opportunities a day to work towards this incentive, party in the park: music during an additional recess and snacks./ Establecer una meta para toda la escuela, disminuir el número de referencias a la oficina en un 10 por ciento,Incentivo para las próximas 4 semanas, seguimiento del comportamiento de los estudiantes durante el recreo, las clases tendrán dos oportunidades al día para trabajar en este incentivo, fiesta en el parque, música durante el recreo y refrigerios.

   b. CAASPP / *Pruebas del estado CAASPP*
      Mrs. Huerta reviews. This will take place in mid April. 10 percent more of students will experience an increase in the spring. Wants to make sure to track and encourage students/ *Comentarios de la Sra. Huerta, esto tendrá lugar a mediados de abril, un 10 por ciento más de estudiantes experimentarán un aumento en la primavera, quiere asegurarse de rastrear y alentar a los estudiantes*

9. CCSPP Grant/*Beca CCSPP*

Mrs. Huerta shared the CCSP information, including extra funds and resources we qualified for, additional funding for resources for students here at Sierra Vista, Academic needs and Social Emotional

needs for students. This includes additional personnel such as a student advocate that will assist the counselor, support to help with PBIS initiatives, helping hands around campus, help monitor behaviors around campus. We hope to incorporate Playworks, district will build within staffing, staff will organize sports during recess and lunch times. Mrs. Huerta shared that students tend to engage in negative behaviors during recess, this will help decrease the number of behavioral situations. Funding can help support PRC, outside services, professional development, extended learning times, field trips, programs for extended learning. The 4 cornerstone commitment was also reviewed by Mrs.Huerta. Sierra Vista will have a Student Advocate to assist students with Social Emotional Support/*Sra. Huerta Información de CCSP, incluidos fondos y recursos adicionales para los que calificamos, fondos adicionales para recursos para estudiantes aquí en Sierra Vista, necesidades académicas y necesidades socioemocionales para estudiantes, incluido personal integrado, incluidos técnicos de comportamiento, bienestar infantil, tsa, defensores de estudiantes , asistirá al consejero, ayudará con las iniciativas de PBIS, ayudará con las manos en el campus, ayudará a controlar los comportamientos en el campus, los juegos, el distrito construirá dentro del personal, los tsa organizará deportes durante el recreo y la hora del almuerzo, los estudiantes tienden a participar en comportamientos negativos durante el recreo, esto capacitar al personal para implementar juegos organizados en lugar de juegos libres, disminuir el número de situaciones de comportamiento, la financiación puede incluir prc, servicios externos, desarrollo profesional, tiempos de aprendizaje prolongados, excursiones, programas para el aprendizaje prolongado, compromiso de 4 pilares revisado por la Sra. Huerta, Sierra Vista tendrá un Defensor Estudiantil para ayudar a los estudiantes con Apoyo Socioemocional.*

10. Budget Revision: Title 1, PBIS/*Revisión del presupuesto: Título 1, PBIS*

Mrs.Huerta reviews budget revisions, States we will be moving $5,000 of funding from instructional resources to another account to get signage for our gates and banners./ *La Sra. Huerta revisa las revisiones presupuestarias, afirma que moveremos $5,000 de fondos de recursos de instrucción a otra cuenta para colocar letreros en nuestras puertas y pancartas.*

11. Announcements / *Anuncios*

Read across America coming up next week we will have dress up days, coloring contests, and Thursday community members such as Madera City Council Members and Madera PD will be reading./ *Leer en todo Estados Unidos La próxima semana tendremos días de disfraces, concursos de colorear y los miembros de la comunidad del jueves, como los miembros del Concejo Municipal de Madera y el Departamento de Policía de Madera, leerán.*

12. Meeting calendar / *Calendario de reuniones*
    c. Next Meeting: May 25th

13. Adjournment / *Aplazamiento de la sesión*

Mrs.Huerta asked if there was questions or comments. Ms.Jimenez stated that she was excited for a student advocate to join our team and believes it will help our students with their social emotional needs. Meeting adjourned at 3:57./ *La señora Huerta preguntó si había preguntas o comentarios. La Sra. Jiménez dijo que estaba emocionada de que un defensor de los estudiantes se uniera a nuestro equipo y cree que ayudará a nuestros estudiantes con sus necesidades sociales y emocionales. Se levantó la sesión a las 3:57.*

CCSPP

CA Community Schools Participation Program

A community school is both a place and a set of partnerships between the school and other community resources to offer a range of services and opportunities to children, youth, families, and communities.

Culture & Climate
Madera Unified School District

Four Pillars of Community Schools

1 - Integrated student supports

Personnel: Student Advocate, Intervention Specialist, Community Support Specialist, Counselor, Behavior Technician, Behavior Analyst, Child Welfare & Attendance Liaison, Coordinator, PE TSA (PlayWorks)

2 - Family and community engagement

Parent Resource Centers, Connecting to outside services

3 - Collaborative leadership & practices for educators

Professional development, conferences, trainings

4 - Extended learning time and opportunities

Field trips, presenters, speaker, program (Playworks)

Four Cornerstone Commitments

1 - A Commitment to Assets-Driven and Strength-Based Practices

2 - A Commitment to Racially Just and Restorative School Climates

3 - A Commitment to Powerful, Culturally Proficient, and Relevant Instruction

4 - A Commitment to Shared Decision Making and Participatory Practices

Culture & Climate
Madera Unified School District

Four Proven Practices

1 - Community Asset Mapping and Gap Analysis

- Identify assets and wisdoms throughout the community
- Identify gaps in programs, services, and resources

2 - The Community School Coordinator

- Responsible for overall implementation at the site

3 - Site-Based and LEA-Based Advisory Councils

- Shared decision making

4 - Integrating and Aligning with other relevant Programs

- The CCSPP grant doesn't have to fund everything, but helps to access multiple district and community service.

community Action PARTNERSHIP OF MADERA COUNTY

10/25/2022

Madera Unified School District
Attn: Mr. Todd Lile
1902 Howard Road
Madera, CA 93637

Dear Mr. Lile,

The Community Action Partnership of Madera County, Inc. wishes to state its support of Madera Unified School District's application to renew the MUSD After School Program. Community Action Partnership of Madera County (CAPMC) is a 501 (c)(3) non-profit organization providing multiple services to families living in or slightly above the federal poverty income guidelines. Our services range from assistance with energy bills, weatherization services, victim services, homeless housing programs, Head Start programs, among others. CAPMC is honored to collaborate on this application.

Community Action Partnership of Madera County, Inc. will provide the parents and family members of participating schools with the Strengthening Families Program, an evidence-based enrichment program designed to support parents of English Learners by delivering training to enhance parenting skills, children's life skills, and family skills.

Community Action Partnership of Madera County, Inc. estimates the monetary value of in-kind contribution to the program at $2,500 per school per year.

Sincerely,

Mattie Mendez
